Dear Mother & Daddy,

I was glad to get your letter. I had intended to write to you sooner but just hadn't felt much like writing.

I had the flu last week, in bed most of 3 days and part of 2 or 3 more. I didn't go to the meeting (Bw Hall, Elk.) til Thursday evening. I'm feeling better this week but am still blowing & coughing some in the mornings.

Warren & Annie stopped here on their way home that weekend so we heard their story. I guess it just wasn't meant for you to see each other that weekend.

Did Marilyn get her redecorating done?
Dean had to go up to Mich. Christman yesterday to take a display about the camp for the lectureship up there. He didn't get back

'till about 6:30 This morning so I haven't
heard about it yet. He still asleep! (10:AM)
The kids are fine but Kathy & Kent get
their report cards today so they may be
"sick" tonight. Duke H. gave me a
pumpkin and already he's wanting to
make a Jack's lantern out of it.

My driver has been on the blink for
ever so long & I'm hoping Dean will fix
it today.

If you go to Warren & Annie's let me
know I might go with you if you have
room. I could drive for you if you were
thinking about going without Daddy. I thought
maybe that was why you were thinking
of Aunt Clara going, to have someone help
with driving.

We were full last night so I'd better
get busy. Business hasn't been good
but something happened last night.

Hope you can come over soon.
Love, Sheila
