

Dear Ed, Leonard & Nancy

4-1-87

I thank you for the letter of 1-26-87.

Gene and I'd talked a little with you at Mike's place Donald's funeral. I'd like to

hear from you in coming letter.

Did you invest mother's money in the United Church Board thru the Dennis Party? I would like to see! What do you think of mother's

making out a new will? It's necessary to bring this up, in case she has eyes on mother's share about and we would like to inherit the money. You and grandma while you are in Germany. You and grandma may want some and then she for personal belongings, and I think it would be better spelled out in a will which she is still somewhat rational. What do you think? maybe when grandma come up this summer we'll see if we can get together with mother and discuss her funeral, will etc.

P.S. See you at camp at Long Beach

for, West Coast

All of us love you
